

Free COVID-19 testing

There are now more than 40 free testing locations across the state. No symptoms required. If you receive a rapid antigen test, you should receive your results in an hour or less.

Visit coronavirus.utah.gov/utah-covid-19-testing-locations to find a location. On the map, click on any of the yellow squares marked “Free Rapid Testing Site” or click on the “View List” button and then enter **Free Rapid Testing**, **Utah Department of Health**, or **TestUtah** in the “Search for Provider” drop-down menu. You can narrow your search by:

- County
- City
- Testing facility’s zip
- Test type
